

Quick start guide TL96151

This guick start guide provides you with basic instructions only. For more complete instructions, refer to your user's manual provided in the package, or see the online user's manual at www.telephones.att.com/manuals.

Telephone base installation

Caution: Use only the power adapter provided with this product. To obtain a replacement, visit our website at www.telephones.att.com or call 1 (800) 222-3111. In Canada, dial 1 (866) 288-4268

Battery installation

Install the battery, as shown below. Charge your handset(s) before initial use. The battery is fully charged after 16 hours of continuous charging.

1. Plug the battery connector securely into the socket inside the handset battery compartment. Insert the supplied battery with the label **THIS SIDE UP** facing up, as indicated.

2. Align the cover flat against the battery compartment, then slide it upwards until it clicks into place.

CHARGE light

3. Charge the handset by placing it face forward in the telephone base or charger. The CHARGE light on the top of the handset is on during charging.

Initial settings

We recommend you program your telephone system before use. The following are a few examples of common features to set before using the telephone. Refer to the **Handset and telephone base settings** and **Answering** system settings in the user's manual for detailed instructions on setting all telephone features.

Set date/time

Set the date/time before using the answering system.

- Using a cordless handset or the telephone base:
- 1. MENU -> ▼ or ▲ -> Set date/time -> SELECT.
- 2. Enter the month, day and year using the dialing keys -> SET.
- 3. Enter the hour and minute using the dialing keys.
- 4. ▼ or ▲ to choose AM or PM -> SET.

Record your own announcement

Your outgoing announcement plays when calls are answered by the answering system. You can use the preset announcement to answer calls, or replace it with your own recorded announcement.

Using a cordless handset or the telephone base:

- . MENU -> ▼ or ▲ -> Answering sys -> SELECT
- . SELECT to select Announcement -> RECORD.
- 3. Facing the handset or telephone base, record your announcement and press **STOP** to end recording.

Number of rings

You can set the answering system to answer an incoming call after 2, 3, 4, 5 or 6 rings, or toll saver. If you choose toll saver, the answering system answers a call after two rings when you have new messages, or after four rings when there are no new messages. This enables you to check for new messages and avoid paying unnecessary long distance charges if you are calling from out of your local area.

If you want the built-in answering system instead of the voicemail to answer a call, you should set the answering system to answer a call at least two rings before the voicemail is set to answer. Contact your telephone service provider for information on your voicemail settings.

Using a cordless handset or the telephone base:

- . MENU -> ▼ or ▲ -> Answering sys -> SELECT.
- 2. ▼ or ▲ -> Ans sys setup -> SELECT.
- 3. ▼ or ▲ -> # of rings -> SELECT.
- 4. ▼ or ▲ -> choose among 6, 5, 4, 3, 2 or Toll saver -> SET.

Ringer volume

You can set the ringer volume level to one of the six levels or turn the ringer off.

Using a cordless handset or the telephone base:

- . MENU -> ▼ or ▲ -> Ringers -> SELECT.
- . SELECT to select Ringer volume.
- 3. ▼ or ▲ -> All lines, Home, Cell-D1 or Cell-D2 -> SELECT.
- 4. \checkmark or \blacktriangle to choose the desired level -> SET.

Bluetooth[®] setup

The following are a few common Bluetooth features to set. Refer to the **Bluetooth** setup section in the user's manual provided in the package for more details.

When you pair a Bluetooth cell phone or Bluetooth headset to the telephone base, keep the device within 15 feet of the telephone base for optimal performance.

Add a cell phone

- To pair and connect a cell phone using the telephone base:
- . MENU -> ▼ or ▲ -> Bluetooth -> SELECT. . SELECT to select Add device.
- 3. ▼ or ▲ -> Add cellular -> SELECT
- 4. Disconnect the cell phone from any Bluetooth device -> **NEXT**. 5. Place the cell phone next to the telephone base.
- . **NEXT** to turn on the telephone base discoverable mode.
- 7. Turn on the Bluetooth feature of your cell phone and search for or add new devices.
- 8. Enter the cell phone passcode (typically **0000**), if required -> **SET**.
- 9. Enter the PIN (default PIN: 0000) of the telephone base into your cell phone.

Add a headset

To pair and connect a headset usir	en alle e al el en le enere de enere
i io nair and connect a neadset lisir	nd the telennone hase.
	ig the telephone base.

- . MENU -> ▼ or ▲ -> Bluetooth -> SELECT.
- . SELECT to select Add device.
- 3. ▼ or ▲ -> Add headset -> SELECT.
- 4. Disconnect your headset from any Bluetooth device -> NEXT.
- 5. Set your headset to discoverable mode -> NEXT.
- 6. ▼ or ▲ to choose your headset -> SELECT.
- 7. Enter the PIN (typically **0000**) of your headset and press **NEXT**.

Download directory

Before downloading a directory, make sure the cell phone is paired, active, and connected to your TL96151.

To download a cell phone directory using the telephone base:

- . MENU -> ▼ or ▲ -> Bluetooth -> SELECT.
- 2. ▼ or ▲ -> Download dir -> SELECT.
- Image of a select the desired device, if necessary -> SELECT.
- 4. ▼ or ▲ -> Phone memory, SIM card only or Phone and SIM -> SELECT.
- 5. Enter the cell phone passcode, if necessary, then press **SET**.
- 6. Press **OK** to return to the **Bluetooth** menu when the download is complete.

Telephone operation

Answering system

About answering system and voicemail

Your telephone has separate indicators for two different types of voice messages: those left on the built-in answering system and those left at your telephone service provider's voicemail. To listen to messages recorded on the built-in answering system, refer to the Message playback section; to listen to voicemail, contact your telephone service provider for more information.

This product supports caller ID services offered by most telephone service providers. The telephone stores caller ID information of the last 50 incoming calls in the telephone base. This information is common to all devices.

When a handset or the telephone base is in idle mode and has new or missed calls, its screen shows XX Missed calls.

You can erase the missed call indicator either by reviewing the call log one by one, or by pressing and holding CANCEL on the handset or the telephone base

Review and dial a number in the call log

1. CID in idle mode -> $\mathbf{\nabla}$ or \mathbf{A} to select the desired line -> **REVIEW**.

B. **[♠]HOME** or **■**)/SPEAKER on the handset or **[♠]HOME** on the telephone base

CELLULAR on the handset or the telephone base to dial with the

When this feature is on and you have an incoming call, the handset and/or base speaks "Call from..." and the name of the caller based on the directory or caller ID information. You can turn this feature off for the base or each

The home directory can store up to 200 entries, which are shared by all system devices.

Steps

- 1. MENU -> ▼ or ▲ -> Directory -> SELECT.
- 2. **OPTION** to select Home.
- 3. **SELECT** to select Add contact.
- 4. Enter a telephone number up to 30 digits -> NEXT.
- 5. ▼ or ▲ to select Home, Cell, Work or Other -> NEXT.
- 6. Enter a name up to 15 characters -> SAVE.
- 1. **DIR** in idle mode \rightarrow **V** or **A** to select the desired line \rightarrow REVIEW.
- 2. Press $\mathbf{\nabla}$ or \mathbf{A} to browse through the directory, or press the dialing keys (0-9) to start a name search.
- 3. Press **HOME** or **SPEAKER** on a handset to call using the home line.

-OR-

Press **HOME** on the telephone base to call using the home line.

-OR-

Press (P) CELLULAR on the handset or on the telephone base to call using the cell line.

Answering system (continued)

Turn answering system on/off

The answering system must be turned on to answer and record messages.

Using the telephone base:

• Press **U**/ANS ON to turn the answering system on or off. If the answering system is turned on, it announces, "Calls will be answered." If the answering system is turned off, it announces, "Calls will not be answered."

Message alert tone

When this feature is on, and there is at least one new message, the telephone base beeps every 10 seconds.

Using a cordless handset or the telephone base:

. MENU -> ▼ or ▲ -> Answering sys -> SELECT.

- 2. ▼ or ▲ -> Ans sys setup -> SELECT.
- 3. ▼ or ▲ -> Msg alert tone -> SELECT.
- 4. ▼ or ▲ -> choose On or Off -> SEI.

Call screening

Use this feature to choose whether incoming messages can be heard over at telephone base when they are being recorded. If you turn call screening on, you hear the incoming message at the telephone base. While monitoring an incoming message, you can answer the call by pressing **THOME** or **I**)/**SPEAKER** on the handset, or **HOME** on the telephone base.

Using a cordless handset or the telephone base:

- . MENU -> ▼ or ▲ -> Answering sys -> SELECT.
- 2. ▼ or ▲ -> Ans sys setup -> SELECT.
- . SELECT to select Call screening.
- 4. ▼ or ▲ -> choose On or Off -> S=1.

Message playback

Using the telephone base:

Press ▶/■/PLAY when the telephone base is in idle mode.

Using a handset:

- MENU
- 2. SELECT to select Play messages.

Options during playback

Feature	On the telephone base	On a handset
Adjust playback volume	Press VVOLUME/	Press VOLUME or VOLUME
Stop playback	Press ////STOP	Press CFF
Skip to the next message	Press >/SKIP	Press SKIP
Repeat the message	Press «/REPEAT	Press REPEAT
Play the previous message	Press «/REPEAT twice	Press REPEAT twice
Delete the message	Press DELETE/X	Press DELETE

For more detailed instructions, please refer to the **TL96151 DECT 6.0 cordless** telephone/answering system with BLUETOOTH[®] wireless technology user's manual provided in your package, or see the online user's manual at www.telephones.att.com/manuals.
